

St Cecilia's Catholic Infant and Nursery School

'SPECIAL EDUCATIONAL NEEDS AND DISABILITY' (SEN/D) POLICY

COMPLIANCE

This policy complies with the statutory requirement laid out in the SEN/D 'Code of Practice' 0 - 25 (July 2014) and has been written with reference to the following guidance and documents:

- Special Educational Needs and Disability Regulations 2014
- Special Educational Needs Code of Practice 2014
- Statutory Guidance on Supporting Pupils with Medical Conditions 2014
- Teachers' Standards 2012
- Equality Act 2010: advice for Schools DFE Feb 2013
- Schools SEN Report Regulations 2014
- Accessibility Plan
- Access Audit

This policy was created by the school's SENCO/Inclusion Manager in liaison with the SEN/D Governor, SLT, all staff and parents of pupils with SEN/D.

It was co-produced policy within the ethos of our school Mission Statement and in the spirit of current reform (2014).

The SENCO/Inclusion Manager at St Cecilia's Catholic Infant and Nursery School is; Mrs. Shelagh MacGregor

She can be contacted directly at the school on 0151 220 2153 or via email at;

s.macgregor01@st-cecilias-inf.liverpool.sch.uk

Inclusion Team

Mrs. S. MacGregor: Deputy Headteacher/SENCO

Mrs. M. Campbell: Assistant Headteacher/Assessment Manager m.campbell@st-cecilias-inf.liverpool.sch.uk

Mr. S. Fitzsimmons: Learning Mentor seanfitzsimmons@st-cecilias-inf.liverpool.sch.uk

The SEN/D Governor is; Mrs. Maria Lawrence

She can be contacted via the Head Teacher

Our School Mission Statement and School Motto underpins all we do...

'Love One Another As I Have Loved You'

Aims and objectives of St Cecilia's Catholic Infant and Nursery School in relation to SEN/D provision:

- To create an ethos and educational environment that is person centered and has the views and needs of the child/young person at its heart along with their families/carers.
- To encourage a strong focus on high aspirations and on improving outcomes for children and young people with SEN/D which will enable them to succeed in their education and make a successful transition into adulthood.
- To reflect the New Code of Practice (2014) in stating that teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. (p93, para 6.4).
- Every teacher is a teacher of every child, including those with special educational needs or disabilities.
- To fully adopt the graduated approach to ensure that all pupils with special educational needs and/or disabilities are identified early, assessed and catered for within the school/setting with high expectations for the best possible progress
- To work within a 'person centered approach' fostering and promoting effective collaboration with children/young people, parents/carers and outside agencies;
- To encourage and engage the participation of children and parents in the decision making and the planning and review of outcomes with regard to their provision.
- To clearly identify the roles and responsibilities of school staff and the SEN/D Governor in providing an appropriate education for pupils with special educational needs and/or disabilities;
- To be proactive in enabling full access for pupils with SEN/D to all manageable aspects of the school curriculum and the wider school life and activities thus developing positive self esteem with a long term goal of independence and preparation for adulthood.

How Pupils with SEN/D are identified;

The school's particular arrangements for assessing and identifying pupils as having SEN/D also form a part of our published '**Local Offer**' which was produced in consultation with parents, in co-operation with the Local Authority and with due regard to the general duties to promote disability equality.

- We recognise the definition of SEN/D as stated in the Code of Practice 2014:

"A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision *different from or additional to that normally available to pupils of the same age*". (p94 para 6.15)

- The school reflects what the Code of Practice states (p100 sect 6.44), in that pupils are only identified as SEN/D if they do not make adequate progress once they have had all the interventions/adjustments and good quality personalised teaching. This is known as '**SEN/D Support**'.
- We are alert to emerging difficulties which may not be evident at an early age, these concerns may be expressed by parents or the child themselves.
- Equally it is not assumed that attainment in line with chronological age means that there are no learning difficulties as it very much depends on the individual case.
- The four broad areas identified within the SEN/D Code of Practice 2014 (p97) are '**Communication and Interaction**', '**Cognition and Learning**', '**Social, Emotional and Mental Health Difficulties**' and '**Sensory and/or Physical needs**' and the children are identified largely within these areas.
- These areas exemplify the range of need for which the school is able to identify and provide support from within the school's provision.
- The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. The school identifies the needs of pupils by considering the needs of the whole child which will include not just the special educational needs of the child or young person.
- The ability to identify SEN/D and adapt teaching in response to the diverse needs of pupils is a core requirement of the teachers' standards (2012), teachers are guided and supported in this by the SENCO/Inclusion Manager and information is shared appropriately and frequently.
- Although the SENCO has overall responsibility for the identification of pupils with SEN/D in the school it is recognised that other members of teaching and

pastoral staff have a key role to play in this process. This is part of the collective responsibility and collaborative approach of the school.

- Early identification of pupils with SEN/D is a crucial factor in overcoming barriers to learning. The SENCO works closely with the school's assessment coordinators to interrogate the school's monitoring, tracking data and 'RAISE' online data.

At St Cecilia's Catholic Infant and Nursery School we also use a number of indicators to identify pupils' special educational needs. Such as:

- Close analysis of data including: EYFSP, termly and yearly assessments, reading ages and annual pupil assessments.
- SENCO/teacher 'progress' meetings.
- Any teacher or support staff concerns.
- Following up parental concerns.
- Tracking individual pupil progress over time.
- Liaison with feeder schools/settings on transfer.
- Information from previous schools/settings
- . Information from other services.
- Very close liaison at the outset with EYFS staff the SENCO and parent/carers.

What is *not* SEN but may impact on progress and attainment may include:

- Disability
- Attendance and punctuality
- Health and welfare
- Safeguarding concerns
- Children in receipt of pupil premium or pupil premium plus.
- LAC/E
- Being a child of servicemen/women
- EAL

Strategies to support pupils identified as SEN/D support

- Differentiated 'Quality First Teaching' is a priority for all pupils in the school including those with SEN/D.
- Where a pupil is identified as having SEN/D, action is taken to remove barriers to learning and put effective special educational provision in place.
- The SEN/D support takes the form of a four part cycle through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes.
- This cycle is known as the graduated approach... ***Assess, Plan, Do and Review.***

Adapting the curriculum and the learning environment for pupils with special educational needs

- The Disability and Discrimination Act (DDA), as amended by the SEN/D and Disability Act 2001, placed a duty on all schools and LA's to plan to increase, over time the accessibility of schools for disabled pupils and to implement their plans.
- In line with this there is a fully developed accessibility plan which is in writing and is also available on the school's website.
- The school is proactive in removing barriers to learning. This has been endorsed by renewed achievement of the 'Inclusion Charter Mark'/'Basic Skills Award' (Autumn 2014.)
- The school has improved access to the physical environment of the school (See accessibility plan.)
- The school strives to improve the delivery of information to pupils with SEN/D, their families and when appropriate for disabled pupils.

Assessing and reviewing the progress of pupils with special educational needs/disability:

ASSESS:-

- In Assessing a child the school will carry out an analysis of the pupil's needs which draws on the teacher's assessments and experiences of the pupil, their previous progress and attainment. This is put in the context of the individual's development compared to the school's core approach to pupil's progress, attainment and behavior and their peers and national data. The pupil's own views are sought as are those of external support services if involved. The school liaises fully with outside agencies who are conducting the assessments. Any concerns by parents/carers are actively listened to and recorded.

PLAN: -

- We recognise that we **must** formally notify parents if their child is being provided with SEN/D support despite prior involvement and communication. The teacher and SENCO agree in consultation with the parent/carer and pupil the adjustments, focused provision and/or interventions support to be put in place as well as the expected impact on progress (outcomes), development or behavior along with a clear date for review.

DO: -

- The School's SENCO/Inclusion Manager, Mrs MacGregor, supports the class teacher in problem solving and advising on the effective implementation of support and in further assessments. The teacher remains responsible for working with the child and where the focused provision/interventions involve group or one to one teaching away from the teacher they remain responsible for overseeing this and for working closely with teaching assistants or specialist staff involved to plan and assess the impact of support and how they can be linked to classroom teaching.

REVIEW: -

- Reviews are carried out on the agreed date. Some children may have an Education, Health and Care Plan (EHC). These must be reviewed by the Local Authority in partnership with the school at least annually. These reviews are arranged at school and are part of the SENCO/Inclusion Manager's role.
- When we review we evaluate the impact and quality of the support and take into account the views of the parents and pupils. This feeds back into the analysis of the pupil's needs.
- The teacher working with the SENCO will revise the support in the light of the pupil's progress and development and any changes to support and outcomes will be made in consultation with the parent/carer and pupil.
- We strive to provide clear information to parents/carers about the impact of support and interventions provided, enabling them to be involved, as appropriate, in planning next steps.
- In transition to another setting information to be passed on will be shared with parents/carers and pupils (appropriate to age and stage of development) and this may involve others being present at review meetings and the SENCO/Inclusion Manager attending meetings offsite to support the transition process.

How at St Cecilia's Catholic Infant and Nursery School we manage the needs of pupils who qualify for SEN support:

- In many cases, the pupil's needs are effectively met within school. Practices and strategies can be viewed in the School's Local Offer which is published and can be seen on the School's Website and the Liverpool Family Services directory.

- Where a pupil continues to make less than expected progress despite evidence based support matched with interventions addressing areas of need, it may be necessary to involve specialists in the school or from outside agencies. Parents will always be informed and involved in the decision to procure the advice of a specialist and their consent will be required formally by agencies. (Except in child protection cases where a child is deemed to be at risk).
- Where assessment indicates that support from specialist services is required the school strives to ensure that the pupil receives this as quickly as possible. The Local Offer sets out clearly what support is available and how it can be accessed. Support Services used include, for example; Educational Psychology, CAMHS (Child and Adolescent Mental Health Service) and Speech and Language Therapy Services, to name a few.
- Some children may have multi-agency involvement and the school will consider the criteria for the levels of need and where relevant may decide in consultation with Liverpool's 'Responding to Need Guidance and levels of Need Framework' that an EHAT (Early Help Assessment Tool) is appropriate.
- Where, despite the school having taken relevant and purposeful action to identify, assess and meet the need of the child or young person and they have not made expected progress, the school or parents should consider requesting an Education, Health and Care needs assessment. In applying for this the school presents evidence of the action taken as part of SEN Support.

Working with parents and carers

SEN/D Information report: <http://stceciliainfants.org.uk/wp-content/uploads/2016/03/SEND-INFORMATION-REPORT-20151.pdf>

- At St Cecilia's Catholic Infant and Nursery School we recognise that the impact of SEN/D support can be strengthened by increasing parental engagement in the approaches and teaching strategies that are being used. We also value and welcome the essential information on the impact of SEN/D support outside school as well as the parents/carers particular knowledge of their child/young person and any changes in needs which they can provide.
- In creating the School's 'Local offer' parental consultation was crucial and parents views on this were sought, acted upon and valued. This is an ongoing

process and the school operates an open door policy where parents are encouraged to communicate openly with the school in a timely way should they have any concerns regarding their child/young person. There are other systems to encourage communication such as monthly 'open surgeries' with the School Nurse.

- Where a pupil is receiving SEN/D Support the school endeavors to talk to parents/carers regularly to set clear outcomes and review progress towards them, discussing the activities and support that will help achieve them and identify the responsibilities of the parent, the pupil and the school.
- At all stages of the SEN/D process the school keeps parents/carers informed and involved. Regular meetings are scheduled throughout the academic year to share the progress of the pupils with parents/carers and to take account of their views. It is hoped that this will assist in supporting pupils to reach their full potential. Parents/carers are encouraged to make a full and active contribution to their child's education. Thorough records of outcomes, actions and support as well as contact with parents form an important part of monitoring and recording for the school.

Enabling pupils with SEN/D to participate in all activities together with pupils who do not have SEN/D

- As a school we recognise our duties regarding equality and inclusion for individual disabled children and young people under the Equality Act 2010. We make 'reasonable' adjustments, including, when appropriate, the provision of auxiliary aids and services for disabled children to prevent them being put at significant disadvantage. We also recognise that these are anticipatory duties and strive to make arrangements in advance to prevent disadvantage. It is important to foster good relations and promote equality of opportunity generally so that barriers to learning are removed.
- Children/young people are encouraged to participate fully in the life of the school. This includes extracurricular clubs and activities where the SENCO/Inclusion Manager monitors the attendance of those with Special Educational Needs and disabilities to ensure that there is good representative participation from these groups.

Support for improving the emotional, mental and social development of pupils with special educational needs.

St Cecilia's Catholic Infant and Nursery School recognises that some children and young people may experience a wide range of social and emotional difficulties which manifest themselves in different ways. These may include:

- becoming withdrawn or isolated
- displaying challenging, disruptive or disturbing behaviour

These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self harming, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as:

- Attention Deficit Disorder (ADD)
- Attention Deficit Hyperactive Disorder (ADHD)
- Attachment Disorder (AD)

It is also recognised by the school that children may display certain behaviours as a result of self esteem or other issues such as neglect.

At St Cecilia's Catholic Infant and Nursery School we have clear processes to support children and young people who may be displaying such symptoms and/or behaviours.

Provision to support pupil's emotional, mental and social development includes the following:

- Visualisation
- Mindfulness
- Self-massage techniques
- Peer massage techniques
- Aromatherapy
- Music used to support wellbeing
- 'Theraplay' sessions
- Social Stories

Monitoring and evaluating the impact of SEN/D provision.

Whilst the full governing body remains responsible for SEN/D, there is a named SEN/D Governor. The SEN/D Governor is Mrs Maria Lawrence, she can be contacted via the Head Teacher. The SEN/D Governor promotes the development of SEN/D provision by:

- Championing inclusion and promoting a greater understanding of issues related to SEN/D by the Governing Body;
- Working closely with the Local Authority
- Being familiar with key legislation and policy
- Encouraging communication between parents/carers of children with SEN/D and the school
- Meeting regularly with the SENCO and visiting classrooms
- Ensuring she has an understanding of the role of the SENCO and how pupils are supported;
- Developing an awareness of the types of SEN/D present within the school cohort
- Reporting regularly to the Governing Body;
- Understanding how funding received for SEN/D is allocated by the school
- Attending training in relation to SEN/D
- Assisting in monitoring the progress of vulnerable pupils
- Reviewing and monitoring the effectiveness of the SEN/D Policy.

The Governing Body will report annually on the success of the SEN/D policy. The SEN/D Governor will also liaise with the SENCO/Inclusion Manager in relation to the 'Local Offer' and the SEN/D Information report.

In evaluating the effectiveness of this policy, the school will consider the views of:

- Reports presented by the Head teacher, SENCO and Link SEN/D Governor
- Parents/carers
- Pupils
- Outside Agencies

Pupil's attainment and progress will provide detailed and quantifiable evidence relating to the success of the SEN/D policy and this will be analysed carefully through:

- Consideration of each pupil's success in meeting outcomes.
- Use of standardised tests including reading, spelling and numeracy.
- An analysis of external tests.
- The school's tracking systems and teacher assessments
- Evidence generated from 'One Page profiles', EHAT reviews and Annual Review meetings.
- 'RAISE' online.
- Reports provided by outside agencies including Ofsted.

Availability of SEN/D (and related) training for teachers, support staff and the SENCO.

All schools within the schools allocated Consortia share best practice and offers support within the locality. Training is 'needs led' and linked to the school development plan and needs of the consortia. Specific training is provided for the SENCO, Teaching Assistants, whole school and parents, as appropriate. 'Liverpool School Improvement' service provides two 'SENCO Briefings' each academic year, which the school's SENCO attends.

All teaching and support staff are encouraged to attend courses and training that assist them in acquiring the skills needed to work with pupils with SEN/D. The SENCO provides school-based INSET and targeted support to develop awareness of resources and practical teaching strategies for use with pupils with SEN/D.

A needs analysis to determine INSET requirements of staff (including Governors) in the area of SEN/D is conducted regularly. The School's INSET needs are included in the School Development Plan (SEN/D Action Plan) and the outcomes and impact of these will be detailed in the SEN/D Information report.

Funding of SEN/D provision.

The national SEN/D budget is for school leaders to use in ways considered most appropriate in improving outcomes for pupils. It can for example be aligned with other funding (e.g. Pupil Premium) to optimise impact. The SENCO/Inclusion Manager along with other key staff in the school has a key role in determining how this budget is used, for example to provide interventions and targeted support.

The school budget allocation for SEN/D is discussed in the SEN/D information report. The Governing Body oversees this expenditure and therefore ensures resources are directed to support appropriate SEN/D provision as outlined in this policy.

The school allocates SEN/D funding in the following ways:

- Learning Support Teachers and Teaching Assistants.
- Training for all Teachers and Teaching Assistants so that they can meet pupils' needs more effectively.
- Identified resources to support individual and groups of children.
- ICT resources.
- Traded time from 'Outside Support Agencies'.
- Funding for 'PlayTherapy' specialist (consortia initiative)
- Disabled toilet facilities.

Supporting pupils with medical conditions;

As stated in the 'Code of Practice', 'The Children and Families Act 2014' places a duty on maintained schools and Academies to make arrangements to support pupils with medical conditions.....'

At St Cecilia's Catholic Infant and Nursery School staff work closely with parents and carers to support children with identified medical conditions. Relevant training is undertaken by key staff to ensure needs are met. The school also works closely with their assigned school nurse when writing and reviewing 'Individual School Based health Plans'. See policy for 'Supporting Pupils with Medical Conditions' on the school website or by contacting the school SENCO

How St Cecilia's Catholic Infant and Nursery School approaches its statutory duties in terms of increasing its accessibility over time;

See the school's current 'Accessibility Plan' and 'Disability Equality Scheme'.

All pupils have access to a broad and balanced curriculum differentiated to enable all pupils to understand the relevance and importance of an appropriate education. This promotes self esteem and confidence that will lead to pupils making relevant progress that is closely monitored.

Teachers use a wide range of strategies to meet pupil's special educational needs. Lessons have clear learning objectives and success criteria, are differentiated appropriately and assessed to inform the next stage of learning.

The school's Learning and Teaching Policy promotes best practice towards students with SEN/D.

Provision Mapping features significantly in the SEN/D provision provided by the school. Intervention and Focused Provision groups have identified outcomes to ensure that all pupils experience success.

Following The Equality Act 2010 it states that education providers must also make 'reasonable adjustments' to ensure that disabled students aren't discriminated against. Making reasonable adjustments could include:

- changes to practices or procedures
- changes to physical features
- changes to how learners are assessed
- providing extra support and aids

Relevant information is shared with parents/carers of pupils on Special Needs and/or Disability, including pupils who have an Education Health and Care Plan (EHC Plan). They receive regular details on the agencies involved with their child's education and are

signposted according to their child's needs. Key information is also shared within the school to ensure teachers are up to date with developments.

Complaints from parents/carers of pupils with SEN/D about SEN/D provision.

Any complaints should first be raised with the SENCO, then if necessary with the Head teacher and finally, if unresolved, with the SEN/D Governor. All complaints follow the school's complaints procedure.

When managing parental/carer complaints related to SEN/D (any of the following may apply)

- Meetings with the parents/carers are arranged, perhaps involving a mediator such as the 'Information, Advice and Support Service' (Parent Partnership).
- Key issues are identified including where there is disagreement.
- Discussions should take place with the SENCO
- Reports provided by outside agencies should be considered
- Outcomes are reviewed examining what progress the pupil has made. Any behaviour logs should ensure strategies are included and shared with parents/carers.

Who is responsible for what;

Whilst the full governing body remains responsible for SEN/D, we acknowledge that the Head Teacher and SENCO shares responsibility with the rest of the staff within the school to support all children with SEN/D.

The Governing Body will report annually on the success of this policy under the statements listed in 'The aims and objectives of this policy'

In evaluating the effectiveness of this policy, the school will consider

- Findings of the SEN/D information report including its Local Offer.
- Reports presented by the Head teacher, SENCO and Link SEN Governor
- Parents/carers
- Pupils
- Outside Agencies with evidence of joined together working.

- Pupil's attainment and progress will provide detailed and quantifiable evidence relating to the success of the SEND policy and this will be analysed carefully through:
- Consideration of each pupil's success in meeting their agreed outcomes.
- Use of standardised tests including reading, spelling and numeracy.
- An analysis of external tests.
- The school's tracking systems and teacher assessments
- Evidence generated from Provision Mapping and related interventions and person centered planning reviews from Education, Health and Care plans and EHATs.
- 'RAISE' online
- Reports provided by outside agencies including Ofsted.

The role of the SENCO

The role of the SENCO involves;

- Ensuring all practitioners in the setting understand their responsibilities to children with SEN/D and the setting's approach to identifying and meeting SEN/D needs.
- Advising and supporting colleagues
- Ensuring parents are closely involved throughout and that their insights inform action taken by the setting, and
- Liaising with professionals or agencies beyond the setting
- The SENCO has day-to-day responsibility for the operation of the SEN/D policy and co-ordination of specific provision made to support individual pupils with SEN/D, including those who have EHC plans.
- Overseeing the day-to-day operation of the school's SEN /D policy and updating it, annually and overseeing and updating the school's SEND information report in line with statutory guidelines.
- Coordinating provision for children with SEN/D
- Liaising with the relevant Designated Teacher, where a looked after pupil has SEN/D
- Advising on the graduated approach to providing SEN/D support
- Advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Liaising with parents of pupils with SEN/D
- Liaising with early years providers, other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies
- Being a key point of contact with external agencies, especially the Local Authority and its support services
- Liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- Working with the headteacher and school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements
- Ensuring that the school keeps the records of all pupils with SEN/D up to date
- Monitor and support a graduated approach of Assess, Plan, Do and Review.
- To ensure that resources and support are allocated and maintained to all those individual pupils who may need additional provision of support staff in our schools including Teaching Assistants, Learning Mentors, Behaviour Support Staff and others.

- Review the work of other adults regularly. In reviewing pupil progress and tracking achievement, SENCOs should review targeted support on a regular basis.
- Be actively involved with the analysis and interpretation of data for the whole school; in the planning and intervention of those pupils not making expected progress and planning appropriate interventions.
- Liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned.
- Working with the Headteacher and school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements
- Ensuring that the school keeps the records of all pupils with SEN/D up to date, for example, participation of pupils in clubs and activities.

In line with good practice reference to children with SEND is included in all our policies.
