

Parental Questionnaire

Thank you to all parents/carers who completed the parent/carer questionnaire at the end of the summer term.

Responses were enthusiastic with your comments reflecting the positive relationships in school, the variety of activities, the approachability of school etc.

A number of parents commented on the ongoing difficulty with drains flooding during heavy downpours of rain.

This has been an ongoing concern for some time. However, there is a planned 'site inspection' booked this term, hopefully, this will enable governors to be informed about possible solutions moving forward.

Roof Repairs

There is a second stage of roof repairs planned in the near future. This will involve scaffolding being erected around the school

Further information will follow confirming dates etc.

Outdoor Areas

Our residential groundsman Don Billington has worked tirelessly over the summer upgrading the school grounds and play areas.

We're sure you will agree that the environment looks fantastic.

Thank you Don!
