Dear Parents and Carers,

We are very pleased to announce that we will be using Tapestry as our online learning journal.

Tapestry allows you to login with a secure username and password so you can view all your child's observations, photographs and videos. You can like and comment on observations that we add for your child and it is also possible for you to add your own observations. Your comments and own observations will allow us to find out about which activities your child really enjoyed and the learning they get up to at home.

Occasionally we will make use of the 'Documents' feature on Tapestry to upload any useful information or updates that we would like to share with you.

All data that is entered to Tapestry is stored securely on their servers. If you are interested in finding out more information about this, you can go to https://tapestry.info/security.

Once we have set you up with an account you will be able to login using any web browser from tapestryjournal.com or by downloading the Tapestry app from the Play or App store, depending on what type of device you are using. Remember, if you are going to use the App version of Tapestry, ensure auto updates are turned on for your device so you always have the most up to date version of the app.

We will set you up using your email address and once this has been done, you will receive an activation email from which you can set up your own password to login with. You will also be asked to set up a 4-digit PIN which you can use on the Tapestry app to quickly log back in once you've initially logged in. Do remember to keep an eye out on your spam/junk folders for this email.

We hope you enjoy using Tapestry, do let us know if you have any questions about it.

Best wishes,

Mrs Walsh and Mrs Getty
