

St Cecilia's Catholic Infant & Nursery School

STATEMENT FOR REMOTE/HOME LEARNING

At St Cecilia's Catholic Infant & Nursery School we have always aimed to provide a language rich curriculum which is ambitious for all learners. It is important that our children progress well in the basic skills of reading, writing, grammar and maths to give them the best opportunities for the future. Our curriculum is creative, innovative and supportive and makes learning purposeful and holistic.

It is our aim and priority that the implementation and organisation of remote/home learning continues this. Therefore it is crucial that you work with us in partnership to support your child to access remote /home learning and continue their education in the best way we can, should the need arise due to isolation as a result of the current pandemic. Learning will be as follows:-

	WEBSITE	PAPER
